Subject: Leadership Development

Dear Sir/Ma'am,

Greetings from **IIM Lucknow!**

We are coming up with a programme on "**Leadership Development**" scheduled from July 01 - 03, 2019 at **IIM Lucknow**.

OBJECTIVES :

Several theories explain leadership and leadership potential among people. Essentially leadership is about influencing people towards a goal or a vision that the leader himself creates or helps create. Leadership is a practicing art which goes beyond the managerial techniques, skills, and practices. As more and more complex challenges keep getting added to the organizational life, there is a dearth of quality leaders to deal with them. This programme helps participants understand the nuances of leadership, and through a series of simulations and role plays help them hone and develop their leadership potential.

CONTENTS

- Theories of Leadership
- Leadership and Change
- Communicating for Leadership
- Leadership and Conflict Management
- Leading Teams
- Leadership and Motivation

Programme Directors: Prof. Pushpendra Priyadarshi

METHODOLOGY

Measurement and Feedback, simulations, role-plays, theory sensitization through discussions, case analysis, exercises, inputs from experts and coaching would form the dominant pedagogy for learning.

Participant Profile: Senior and Middle-Level Managers of organizations.
